

# NEXPLORE

the joy of learning

Looking to bring some excitement to the traditional school day while avoiding excess costs and liability of traveling for field trips? Our in-house field trips provide fun, enriching and engaging activities in the comfort of your own school! These on-site field trips are structured as exciting, hands-on 45-60 minute workshops that run back-to-back. Our certified instructor can simply be stationed in one room, and classes rotate in every hour.

## Onsite Field Trips!

**\$10-\$12**  
per child

Please choose which of our programs you would like for your students, and visit our website bookings page to schedule your field trip! Plus, feel free to review our Science, Makers Club, and Art pages to choose from hundreds of individual activities your students can make and take home!

### Science

Two unique science programs encourage inquiry, experimentation, and play!

**Science Wiz** – Students dive deep into one core scientific concept like DNA, magnetism, electricity, and more with their very own ScienceWiz™ kit.

**Nature Watch** – Environmental science comes alive with Nature Watch™ activity kits and crafts to keep!

### Games

Award-winning mind games build 21st-Century Life Skills through a unique method: **Play – Reflect – Apply.**

### Makers Club

Students explore, experiment, and create their very own inventions with Maker Kits that enhance mechanical, art, and engineering skills.

### RoboCoding

Coding without a computer? It's the best way to start! In this program, students use robotic cubes to build and execute code in the real world!

### Finance

Interactive, age-appropriate coursework teaches students about money in the real world and how to take positive financial action in their lives!

### Art

Students explore core artistic techniques and concepts with fun mixed-media projects inspired by other cultures and works by famous artists.

### Zumba

This high-energy fitness class is packed with fun dance routines that inspire kids to express themselves through movement and play.

### Magic

Students build self-confidence, performance skills, and theatrical charm to wow their audience with tricks from their very own magic kits!

### Capoeira

This Afro-Brazilian martial art combines elements of combat, acrobatics, and dance, improving coordination, flexibility, and confidence.
